Akron.

TO TELEPHONE THE DEMOCRAT CALL
NO. 180.

TUESDAY, OCTOBER 24

JUST A WORD.

We want the citizens of Akron to note that the DEMOCRAT was disposed to say not a word personal to any of the candidates upon the Republican county ticket until the Dobson paper began to abuse, vilify and belittle the candidates upon the Democratic ticket.

For our part we were content that the campaign should be conducted entirely upon National and State issues, as every speaker of repute in Ohio has suggested, and to that end have confined discussion hitherto strictly to those issues.

It was not that the local Democratic party lacked county issues that national issues were kept to the front, but because of a desire on the part of the Democratic organization to avoid anything that might savor of a contest on chiefly personal issues.

But since the Dobson organ, in its usual offensive style, has repeatedly charged that the candidates on the Democratic ticket are "nonentities," "do nothings," "weaklings" and unworthy of the support or confidence of the people, the DEMOCRAT and the local Democratic organization is going to defend them, and incidentally let the people know something about the candidates upon the other side.

The Democratic candidates for county offices, in all the qualities that go to make honest and efficient public servants, are the peers of any or all of the men whom the Republican party presents for re-election and it will require some better authority than the Dobson paper to gainsay this statement.

Not one of the candidates upon the Democratic ticket has ever contributed a cent to a corruption fund for controlling legislation against their interests—and would not so contribute if elected—nor have they ever lobbied for the defeat of a salary reduction bill whose passage was demanded by more than 99 per cent of the people. And they are not trying to buy their election with money which they have been enabled to filch from the pockets of their constituents as the price of their unworthy opposition to the salary bill.

Can all of the Republican candidates say as much?

Not one of the Democratic candidates is in favor of building up a machine to act as an organized lobby when privilege-hunting corporations want favors from Akron's Council. Not one of them is in favor of appointing men to the Board of City Commissioners who will act as the proxies of franchise grabbers and politicians.

Where do the Republican candidates stand upon these issues? They were all nominated by the same power,—the local Office Holders' Trust.

These are only a few of the many issues which the DEMOCRAT is going to submit to the people within the next few weeks, now that the Dobson paper has prepared the way. Any one of them constitute a valid reason why the Republican county ticket should be defeated. It is controlled from top to bottom by the most exclusive and oppressive Trust that has ever operated in Summit county. Dobson's paper may sling mud and make fun of the personnel of the Democratic ticket. The DEMOCRAT will discuss the issues. Then let the people decide.

IGNORING CHAIRMAN STUART.

It is a matter of common report in local Republican circles that Probate Judge Anderson has cut adrift from the local Republican Executive committee and is relying upon his

A GLANCE AT THE RECORDS.

The Beacon has been making a series of personal attacks upon Representative Kempel, calling him a "nonentity," and charging that he did nothing in the last legislature except draw his salary. We quote from last night's Beacon:

"If any man can point out anything that Representative Kempel did in the last legislature, except to vote on the roll calls, and especially to vote for Robert E. McKisson for United States Senator, and to draw his salary, he would be conferring a favor on the Democratic party by giving it to world immediately."

It is with pleasure that the DEMOCRAT furnishes the Dobson paper the information it desires:

Representative Kempel voted for Mayor McKisson because he preferred McKisson to Mark Hanna.

He worked and voted for the bill to repeal the Fifty Year Franchise law, under whose provisions Mark Hanna had tried to grab valuable franchises at Cleveland.

He worked and voted for the bill to give the people the Initiative and Referendum.

He worked and voted for the abolition of the prison contract system upon all goods coming into competition with free labor.

He worked and voted for the passage of the bill to permit the people to ride for two cents a mile on steam railroads.

In conjunction with Representative Russell and Senator Alexander, he worked and voted for the Russell Salary bill, which would have saved the people of Summit county upwards of \$30,000 a year had it not been defeated by the combined efforts of Summit county's Republican office-holders. He also worked and voted for the General Salary bill.

He worked and voted for the bill to have all work done direct by the cities of Ohio, without the intervention of the contract system.

He worked and voted for every bill before the House favoring Municipal Ownership and Home Rule.

He worked and voted for the bill appointing a Recodifying commission and providing for a uniform plan of government for all Ohio cities.

He voted "no" as many times as any man in the House on propositions that would have ennobled the Statute books with useless legislation. He opposed every bill that was antagonistic to the people's interests.

There were 109 members in the House of Representatives of which Mr. Kempel was a member. Of the 810 bills that were presented to the House for passage, Mr. Kempel was a member of committees that made reports upon 111 of these bills, a very large proportion of work for one legislator out of 109.

This is Mr. Kempel's record. It is a very good one. The people of Summit county, who are going to return him to the General Assembly, are very well satisfied with it. But the Beacon, which for a fortnight has been yearning with the perseverance of a lost soul in the wilderness to know what Mr. Kempel did in the last Legislature, will not dare publish this record, even in whole or in part.

own private machine to effect his re-election. The motive for this is very apparent.

It will be remembered that while Judge Stuart was doing all in his power a few months ago in behalf of the telephone users' fight for better service and cheaper rates, the proxies of Judge Anderson upon the Board of City Commissioners were doing the bidding of the telephone monopoly.

Their every act was intended to nullify the good work undertaken by the Citizens' committee.

When these things are recalled, is it any wonder that Judge Anderson is ignoring his party's Executive committee, of which Judge Stuart is the honorable head, and has placed his canvass exclusively in the hands of the private machine which he has built up in his nine years of office-holding?

There are a great many Republicans in Akron, however, who do not approve of Judge Anderson's course, any more than they approve of the position taken by him throughout the telephone fight. They insist that however unfair and underhanded Judge Anderson's treatment of the Citizens' committee may have been he had no reason to fear like treatment from Judge Stuart's committee; Judge Stuart is too honorable a man to take advantage of any one, even a public enemy, in that way.

Be this as it may, Judge Anderson's distrust of Judge Stuart is all too evident!

What does all this signify? Does it imply a studied insult or appreciation of defeat?

Let the citizens of Akron who stood by Judge Stuart and the Citizens' Committee in their great fight for popular rights answer these questions.

CLUTCHING AT STRAWS.

The Beacon calls attention to the fact that Mayor Jones has had some very enthusiastic meetings in Ohio, and then asks the question: "What do they mean?" After a long philosophical discussion of the question the Beacon decides that they "don't mean anything."

Read what it says: "Witness the marvelous meetings William Jennings Bryan held in Ohio in 1896, one of the finest of all

"REMEMBER that this great country of ours, as well as all European countries, paid tribute to the Moorish pirates as late as 1890," said Col. Roosevelt in a speech at Cincinnati, Saturday. And even now this great country of ours is paying tribute of \$12,000 a year to the Sultan of Sulu, besides making a compact with the Sultan to exclude our missionaries from his dominions, and permit him and his people to practice polygamy and slavery. The great Decatur settled the score with the Moorish pirates. Who is to settle with the Sultan of Sulu? Certainly not the Administration which dishonored the flag by counseling an abject and un-American treaty with the Sultan.

Not long ago Judge Anderson prepared a communication which was to have been published in the event of Mayor Young's nomination for Probate Judge. The communication set forth Judge Anderson's reasons for deadlocking the appointment of City Commissioners. The people are just as much interested now in knowing Judge Anderson's reasons as they were at the time of the Democratic convention. The DEMOCRAT will publish the communication. Judge, send it along.

If JUDGE E. W. STUART, the gentlemanly chairman of the Summit County Republican Executive Committee, would publish a communication showing just what Probate Judge Anderson has done to protect Akron's telephone users from arrogant treatment and extravagant charges imposed by the local telephone monopoly, he would be performing a great public service.

It is no unusual thing for the County Clerk's office to pay in excess of \$8,000 in a single year. How many of Akron's workmen, or business men, either, who are taxed to pay this exorbitant salary, would be willing to quit their employment or their business to accept the office of County Clerk at that salary?

"Go soak your head," was the reply of Senator Hanna when a friend of Mayor Jones asked the Senator a question at the Newburg meeting Saturday night. This is equivalent to Grover Cleveland's celebrated injunction of "Keep off the grass."

POSTMASTER EBRIGT says that there is "too much politics and not enough business in this country." Has this year's campaign assen-

ment upon Col. Ebrigt's salary been raised by Mr. Hanna?

MANSFIELD, Oct. 20, 1896.

THERE were loud cheers for Bryan and Jones at the Republican meeting which Senator Hanna addressed at Newburg Saturday night. Mark hears it wherever he goes.

HARMAN

Believed to Have Stolen

Cylinder Brass.

Placed Under Arrest Monday Afternoon

—John Brennan Has Returned.

In Police court Tuesday morning Wm. Harman was arraigned on a charge of larceny, preferred by Wilkowsky Bros., scrap iron dealers of Washington st., and sentenced to \$25 and costs and 30 days at the works.

Harman was arrested in the office of Wilkowsky Bros. Monday afternoon by Prisonkeeper Washer and Officer Doerler. Harman having been invited to the scrap dealers' office as though nothing was suspected against him.

The defendant was charged with breaking a cylinder of an engine and taking from it \$12 worth of brass, which he afterwards told Prisonkeeper Washer, he sold to Henry Schwartz a saloon keeper. It is thought that Harman has been invited with some of the brass stealing which has caused considerable annoyance of late.

John Brennan, the little boy accused of stealing an umbrella from Louisa F. Pfeiffer, and who skipped out a few days ago when the charge was to have been given a hearing in Police court, has returned and the case will be tried Thursday morning.

Antony Bauer pleaded not guilty to a charge of disorderly conduct, and case continued until Wednesday.

James O'Brien, Pat Mullen and John P. McEnery were each fined \$2 and costs for intoxication.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by all druggists. E. Steinbacher & Co. wholesale agents.

NOT READY

To Vote on the Question of Saloons at Falls.

Councilman Oakley of Cuyahoga Falls, while in conversation with a reporter for the DEMOCRAT Monday evening expressed it as his opinion that the liquor license question would never come before Council.

It is generally believed that the citizens of the village are not ready to vote for license.

COMPANY B

Drilled in its New Armory—Excellent Quarters.

Company B drilled last night in its new armory in the Schoeninger Block. An acre light has been placed in the hall, which is as commodious as old Conrad hall.

Nearly every member of the company appeared in fatigue uniform and were given a rigid drill by Captain Harry J. Blackburn. Drills will be held every Monday evening hereafter.

The drill last night was the first one held by the company in Akron since April 26, 1896; just before the boys went to war.

Saturday evening, Oct. 28.
Hon. I. H. Phelps.
Hon. A. C. Bachtel.

All of the above meetings will begin promptly at 7:30.

VIOLATED A TRUCE.

Rebels Fired on Sailors Near Iloilo.

CAPTURED ONE, KILLED ANOTHER

Rebels Had Been Troublesome at Calamba and Angeles—Americans Sailed Forth, Drove the Filipinos Out of Their Trenches and Put Them to Flight.

MANILA, Oct. 24.—The insurgents around Calamba and Angeles have been the Americans lately with their repeated attacks, which most of the Filipino attacks, consisting of shooting a lot of ammunition into their opponent's camp from long range. Major Cheatham's battalion of the Thirty-seventh infantry, three companies of the Twenty-first infantry, a battery of the Fifth artillery and a galling gun sailed out from Calamba, drove the Filipinos from their trenches and pursued them for three miles, inflicting heavy loss on them. One American was killed and three were wounded of the Twenty-first infantry.

Lieutenant Fergus, with 30 scouts of the Thirty-sixth regiment, reconnoitering near Labao, encountered a party of mounted Filipinos. He killed six of them and captured eight, with ten rifles.

Four men from the gunboat Marielos were fired ashore, 18 miles from Iloilo, by a flag of truce and the insurgents killed one of them, wounded one and captured a third. The gunboat was unable to fire for fear of wounding the Americans.

The Second battalion of the Nineteenth regiment, Major Reed commanding, embarked for Iloilo to reinforce the troops there.

MORE HOSPITAL FORCE NEEDED.

Chief Surgeon at Manila Made a Request—Will Be Supplied.

WASHINGTON, Oct. 24.—Surgeon General Sternberg received word from Colonel Woodhall, chief surgeon at Manila, that he has at present 38 hospital stewards, 35 acting hospital stewards and 1,041 privates of the hospital corps, and that he requires 12 more stewards, 33 acting hospital stewards and 700 privates, in view of the increase of the army.

There are now enroute to the Philippines 1 hospital stewards, 10 assistants and 260 privates; there are with the volunteer regiments now under orders to the Philippines, 42 stewards, 14 assistants and 103 privates; there are at Washington barracks and Fort Columbus 1,000 privates awaiting transportation. This amount fills the quota called for by Manila to meet the increase of the service.

Harrison Called on the Prince.

LONDON, Oct. 24.—Ex-President Benjamin Harrison, accompanied by Ambassador Unwin, called on the Prince of Wales and was given a private audience. Mr. Balfour, first lord of the treasury, gave a dinner in honor of the ex-president.

[LETTER TO MRS. PINKHAM NO. 91,395]

"I am so grateful to you for what Lydia E. Pinkham's Vegetable Compound has done for me that I feel as though I must tell about it. A year ago I was taken very sick. Doctors could do me no good only to weaken the pain which I had almost constantly. I got some of your Compound and took one bottle and received benefit from it at once. I have taken it ever since and now have no backache, no pain in my side and my stomach and bowels are perfectly well. I can honestly say that there is nothing like it. If I could only tell every woman how much good your medicine has done me, they would surely try it."—MARTHA M. KING, No. 275, ATTLEBORO, MASS.

The way women trifle with health shows a degree of indifference that is past understanding. Happiness and usefulness depend on physical health; so does a good disposition. Disease makes women nervous, irritable and snappish. The very effort of ailing women to be good-natured makes them nervous. Write to Mrs. Pinkham, she will help you to health and happiness. It costs nothing to get Mrs. Pinkham's advice. Her address is Lynn, Mass.

GREENLAND.

Lecture and Views of Interesting

Trip in Arctic Regions.

An interesting lecture will be delivered at the First Congregational church Wednesday evening by Prof. S. P. Orth of Buchtel college, his subject being "Greenland and Far North." The lecture will be illustrated with views taken in that part of the world by Prof. Orth while on an Arctic expedition in 1892. The lecture was arranged by A. T. Kingsbury, superintendent of the Sunday-school.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circular, free.

HEAVY ENGINES.

How They Proved a Paying Investment—Increase On Erie.

The transportation officials of the Ohio division of the Erie have just completed a report of the number of cars handled during the month of August, which is immensely interesting, especially as it shows the vast increase in the business which the road is able to do by reason of the larger engines it now owns. The report of the number of cars handled shows that in August, 1896, it moved 5,550; in the same month in 1897, it handled 6,192; in 1898 it moved 6,893, and in 1899 it handled 8,287.

There is a vast saving somewhere, and the railroad men have been looking into it. They find that during that time the road has been laying in these heavy engines and the heavy equipment. They know that the old engines could not haul such loads, hence the larger loads are due to the new engines. It has demonstrated to them that the new and larger engines not only are a paying venture, but have solved a problem that the railroad men have been working at for years.
